

for technical suitability. Paragraph (c) of 24 CFR 200.934 provides, in relevant part, that the Department will establish and amend the fee schedule by publication of a notice in the **Federal Register**.

The Department has not amended the present fee schedule since August 1, 1990 (55 FR 31240). Income received as a result of the present User Fee Schedule does not maintain the current minimum level of support for the ongoing TSP program. A fee increase is necessary for the following reasons: (1) To maintain partial recovery of program costs, since fees have not been adjusted for nearly 7 years; (2) to compensate the Department more adequately for processing "revisions," which require substantially more work than "renewals"; (3) to bring the Department's fees more in line with, although significantly lower than, other nationally recognized technical evaluation programs; and (4) to recognize the fact that TSP renewals are for a 3-year period, which is a longer duration than provided by other nationally recognized evaluation programs.

Accordingly, notice is hereby given that the Department is revising the fee schedule published in the notice of August 1, 1990 (55 FR 31240), as set forth below. Additionally, the Department is modifying the designation "Area Letter of Acceptance" (ALA) to "State Letter of Acceptance (SLA)". The Department is discontinuing Regional Letters of Acceptance (RLA), and replacing them with State Letters of Acceptance (SLA). This modification reflects a change in Departmental procedures which authorize State Offices, in lieu of Regional Offices, to issue SLAs. This notice also clarifies that the renewal fee applies to Structural Engineering Bulletins (SEBs), Mechanical Engineering Bulletins (MEBs), Materials Releases (MRs), Administrators Review for Acceptance of UM Bulletins (ARAs), and SLAs only.

The complete fee schedule, as revised, is as follows:

(i) Initial Applications

Structural Engineering Bulletins (SEBs)—\$4,000
Mechanical Engineering Bulletins (MEBs)—\$4,000
Materials Releases (MRs)—\$4,000
State Letters of Acceptance (SLAs)—\$1,000
Use of Materials Bulletins Administrator Review for Acceptance (ARAs)—\$3,000

(ii) Revisions

Structural Engineering Bulletins (SEBs)—\$2,000
Mechanical Engineering Bulletins (MEBs)—\$2,000
Materials Releases (MRs)—\$2,000
State Letters of Acceptance (SLAs)—\$800

(iii) Basic Renewal Fee Without Revision

The following fee schedule, as revised, will be assessed every three years for renewal without change:

Structural Engineering Bulletins (SEBs)—\$800
Mechanical Engineering Bulletins (MEBs)—\$800
Materials Releases (MRs)—\$800
State Letters of Acceptance (SLAs)—\$400
